

REMARKS

This is in response to the Office Action mailed April 1, 2009 in which claims 1-5 and 9 were indicated to be allowable, but the drawings and specification were objected to for new matter. With this response no amendments are made to the claims, such that claims 1-5 and 9 remain pending. In light of the following remarks, Applicants respectfully request advancement of this application to allowance.

Objection to the Drawings

The drawings are objected to for including new matter. Specifically, the Office Action states that the “side rolling systems (14)” is not supported by the original specification. Applicants respectfully traverse the objection. The side rolling systems are supported by the original specification, such as at page 2, lines 27-30 and original claim 7. Accordingly, withdrawal of the objection to the drawings is respectfully requested.

Objection to the Specification

The specification is similarly objected to for adding new matter with the phrase “side rolling systems 14.” Applicants respectfully traverse the rejection. The phrase is supported by the original specification at page 2, lines 27-30 and original claim 7. Accordingly, withdrawal of the objection to the specification is respectfully requested.

Allowable Subject Matter

Applicants thank the Examiner for indicating that claims 1-5 and 9 are allowable over the prior art.

Conclusion

This response is believed to be responsive to all points raised in the Office Action. Accordingly, Applicants respectfully request reconsideration and allowance of all of the currently pending claims. Should the Examiner have any remaining questions or concerns, Examiner is urged to contact the Applicants' Attorney of Record, Brian Batzli, at (612) 336.4755 or the undersigned at (612) 371-5234 to discuss the same.

Additionally, the Commissioner is hereby authorized to charge any additional fees as set forth in §§ 38 CFR 1.16 to 1.18 which may be required for entry of these papers or to credit any overpayment to Deposit Account No. 13-2725.
